THANK YOU!!!

Over the past few years, Independence Medical Group has built one of the largest networks of community physicians. With your help, we strive to provide the best quality of care to the members of our community. We are very honored to have you as a part of our network.

In our journey to provide you with excellent service, we would like to take this time to introduce to you and your staff members our new website, www.indmedgroup.com.

This new tool will provide you with customized links that will be of great assistance to you. For example, one click will take you to the Cerecons login page. You will also be able to access our Provider Newsletters, Provider Contests, Educational Information, and much more.

Our Provider Relations Representatives, Nancy Wheeler and Alex Sanchez, will soon be training your office staff on how to use this exciting website.

In addition to our new website, Independence Medical Group has also put a Welcome Packet in the mail to our existing and new members. In this packet, IMG members will find educational information such as a listing of Hospitals, Urgent Care Centers and Providers that are contracted with IMG. Our goal is to keep providing our community members with a high level of service, education and medical care.
